ing.

day of March.

The Illinois river is open to navigation as
far north as Peoria.

The woman question—"Where did you
buy your back hair?"

Mrs. Admiral Dahlgren heads an anti-
woman suffrage society at Washington.

The three imprisoned Paris *Marseillaise*
editors have been liberated.

St. Louis sends New Orleans 30,000 tons
of ice under one contract.

The wheat crop of middle Tennessee looks
more promising than at this time last year.

Chicago has two divorce lawyers in jail,
and more who ought to be there.

The English Chancellor of the Exchequer
says that he is opposed to commercial treat-
ies with France.

It is reported in Paris that the French
Government has sent a semi-hostile note to
the Prussian Cabinet.

A convention of English Chambers of
Commerce has adopted a resolution urging
the sale of cereals by weight.

Detroit has repealed its ordinance re-
quiring commercial travelers to pay license.
It has not been enforced for some time.

Congress is talking about reduction of
taxation. There will be no reduction. It
is only the talk they indulge in just before
the spring elections.

The jury in the Mordant divorce case, at
London, have returned a verdict that Lady
Mordant was insane, and not responsible
for her words or acts.

It is believed by some that the New York
female brokers are government detectives,
sent to penetrate some of the shrewd Wall
street transactions, with their women's wit.

A passenger train on the Mississippi Cen-
tral Railroad broke through a trestle near
Oxford, Miss., Saturday evening. Many
persons were killed and injured.

A coquette of much experience says that
old bachelors are like dry, hard wood—diffi-
cult to be set going, but when the flame of
love once takes hold of them they burn
fiercely.

The four-oared rowing match for \$5,000
and the championship of the world is defi-
nitely settled between the champion English
crew of Newcastle upon Tyne, and Paris
crew of St. John N. B. The race is to take
place at Lacine, Canada, in July next.

His Holiness is now said to be sick of the
Ecumenical Council, and anxious to hasten
its adjournment. A Vienna despatch in
Paris reiterates the story that Austria is
willing to join the other Catholic powers in
opposing Papial pretensions.

A Toronto paper asserts that the Domini-
on authorities resolved lately to send a mil-
itary force into the Red River country, and
asked permission of the American govern-
ment to allow the troops to pass over its ter-
ritory, and that the request was refused.

How comes it that when General Sher-
man is allowed six aides-de-camp, all
colonels, there is so little need of his army
that three of them are in constant use by
the White House? If army headquarters
require but half the present staff, let there
be retrenchment to that extent.

Hiram R. Revels (colored) has been de-
clared to be entitled to the seat in the
United States Senate, to which he has been
elected by the Legislature of Mississippi.
He was accordingly sworn in, and is now in
his seat. This is the first colored man
admitted to a seat in either House of Con-
gress.

Nothing has been heard from the steam-
ship City of Boston, now thirty-two days out
from New York, for Liverpool, and fears re-
garding her safety are daily becoming
strengthened. It is hoped that she may
have run for Fayal, in the Azores, and that
she may now be there in safety.

Mr. John Leroy, of the Isle of Jersey, en-
closed his wife's face in an iron mask, fast-
ened at the back by a padlock, to prevent
her from indulging a taste for alcoholic
beverages. For a similar purpose he some-
times confined her in a cage. He seems to
have been unsuccessful in his object, and
besides fined ten shillings.

When will Mr. Grant's turn come? If
Whitmore is expelled for selling a single
cousinship, what should be done with a man
who has sold all the prominent appoint-
ments at his disposal?

A war recently appended to the list of
market regulations of Cincinnati: "No
whistling near the sausage stalls."

The railroad subscription law passed by
the Legislature of Illinois, and which has given a
great impetus to railroad building in the state,
has just been declared valid by the Peoria
circuit court. The governor and
some prominent lawyers of the state have
heretofore held the law to be unconstitutional.

MURDOCK is called the mechanics' friend.
What do those bricklayers and lathers say
who had to go over to Davenport to get
work, while Murdock employed men from
Davenport? Mechanics' friend, indeed!
Bah out such friendship.

SPRINGFIELD, Feb. 26.—The Convention

met at ten o'clock.
The resolution offered yesterday by Mr.
Haines, that it is the sense of the Convention
that no action shall be taken on one week should
be taken, until the work was finished, was
taken up.

Mr. Carey moved to amend by inserting
"No action shall be taken without consent of a
majority of the Convention."
Pending a discussion of the Convention
went into Committee of the Whole on the
report of the Township Organization Com-
mittee.

Mr. Archer moved by amending that the
fiscal affairs of counties shall be transacted
in such manner as may be provided by the
Legislature.

Mr. Archer said it would be better for the
Legislature to provide from time to time in
this matter, than to leave it unalterable in
the Constitution.

Mr. Haines thought it would be better to
let the Legislature provide for the manage-
ment of township affairs. The proposition
to allow each township one member in the
Board of Supervisors would work much in-
justice. The provision of the present
Constitution is now very good.

New York, Feb. 26.—Nearly thirty
prominent firms of this city are accused of
selling smuggled oils, causing a large loss
of revenue to the Government. An investiga-
tion is progressing, and three arrests have
been made.

A public meeting to aid the movement for
procuring the recognition of God and the
Christian religion in the United States Con-
stitution was held last night, in the Reform
Presbyterian Church in Twenty third
street. The call for a convention of those
interested in the matter at Pittsburgh on the
13d and 14th of March next, was read, and
resolutions approving the call were present-
ed and discussed. Several addresses were
made, and delegates to the National Con-
vention were appointed.

LOUISVILLE, Feb. 26.—A forged check for
\$4,000 was paid at the United States Quar-
termaster's Office in the early part of this
month, supposed to have been presented by
an employee.

WASHINGTON, Feb. 26.—The Banking
and Currency Committee cannot agree on
the bill to increase the volume of currency
\$50,000,000. Secretary Boutwell regards the
action of the Senate as virtually disposing
of the matter, and does not care what the
committee or the House may do.

The Postal Telegraph bill is now under
consideration, and arguments in behalf of
Mr. Ramsey's bill and the Hubbard bill are
being made by Messrs. Hubbard and others,
and strongly opposed by Messrs. Orton and
Walker in behalf of the Western Union Com-
pany.

MEMPHIS, Feb. 26.—A fearful accident
occurred on the Mississippi Central Railroad
three miles below Oxford, Miss., Friday
afternoon. The train broke a trestle work,
smashing baggage, express and four passen-
gers, killing and wounding a large num-
ber. At least accounts twelve bodies have
been taken from the wreck. The Treasurer
of the road and his son were fatally injured.
Full particulars not yet received.

AUGUSTA, Feb. 26.—The Senate on
Saturday tabled the resolution providing for
the payment in coin of the State debt con-
tracted before Feb. 25, 1862.

LONDON, Feb. 26.—A strike is imminent
among the operatives of the cotton mills at
Bolton.

Comments upon the painful position in
which the Prince of Wales is placed by the
accusations of Lady Mordant, naturally ap-
pear in the London press. The Times says
that the Prince of Wales is a man of high
character, and that the young man is a man of
virtue, prudence, and dignity. The faithful
conduct of Prince Albert is held up to his
admiration and example. He is exhorted to
learn from it, and lead a life free from even
the semblance of a crime.

PARIS, Feb. 26.—The fires of revolution
are kept alive in France by political ban-
quets. There were many yesterday in honor
of the anniversary of the proclamation of
the republic in 1848.

Gustave Florentin, the leader of the abor-
tive insurrection in Paris, has been sent to
three years imprisonment for aiding
soldiers to desert.

DETROIT, Feb. 26.—The jury in Vander-
pool case returned a verdict of guilty, and
he was sentenced to State Prison for life.
LaCrosse, Feb. 26.—The Albatross House
of this city was burned to the ground this
morning. Loss probably \$2,000.

About three inches of snow fell here dur-
ing the night, and is still snowing.

PLYMOUTH, Ind., Feb. 26.—Mrs. Wooler
burg was shot and dangerously wounded by
one of three men who were passing her
house in a wagon. The woman heard a
noise and looked from the door, when the
ruffians without provocation shot her.

JACKSONVILLE, Feb. 26.—On Saturday
evening last the Democrats of this city held
a convention at the court house, and made
the following nominations: Mayor, C. Dun-
lap; City Attorney, J. H. Haines; City
Clerk, Frank Pierce; Assessor and Treasur-
er, W. M. Farthing; City Marshal, Alex.
Wells. The convention adopted a resolu-
tion declaring that the building of water
works for the city ought to be postponed.

The Republicans held their convention on
Saturday, March 5th. The city election
takes place April 4th.

CHICAGO, Feb. 26.—The excitement regard-
ing the Lydia Thompson Troupe, and the editor
of the Times, culminated yesterday. Imme-
diately after their release Saturday night,
Stout obtained a warrant for their arrest for
civil damages, but the party remained in the
Opera House until after midnight, and
could not be arrested Sunday. Yesterday,
Stout obtained four warrants for arrest of
Lydia Thompson, Pauline Markham, and
Henderson, for assault with deadly weap-
ons. The party took carriages and drove
for Fort Wayne & Indiana depot and all es-
caped except Henderson, who was taken to
a station and imprisoned. Bail was ob-
tained after four h-r.s. and he hurried to
the depot, took the five o'clock train for De-

COMMERCIAL.
